

MDG-08 (Summary)
September 16, 1985

This is information from an entity named Chrystal given to the Explorer.

Title: The group on health and the physical body, their perception of time and on pre-birth agreements.

Back in contact with the one group. Particularly the individual that was called Chrystal. Not really interested in day to day things. Experiencing physicalness through others like the channel, it is for the experience itself.

3:55 Question about general area of our consciousness development and health of the body.

Relationship between health and level of consciousness. Being born in a handicapped body.

10:30

We operate in time, they don't. A lifetime for us doesn't seem long for them.

It's all about the experience, have you even wondered what it would be like to blind?

19:30 On making pre-birth agreements.

Things can be changed before and after they've happened in other realities.

Agreements with parents and children, when are they made?

35:00 Further elaborating about how groups are formed in their reality and group roles.

44:00 Going back to C1

46:30 Debrief

Report by Wouter Bosman
